## DATASET DOWNLOADING FROM KAGGLE:

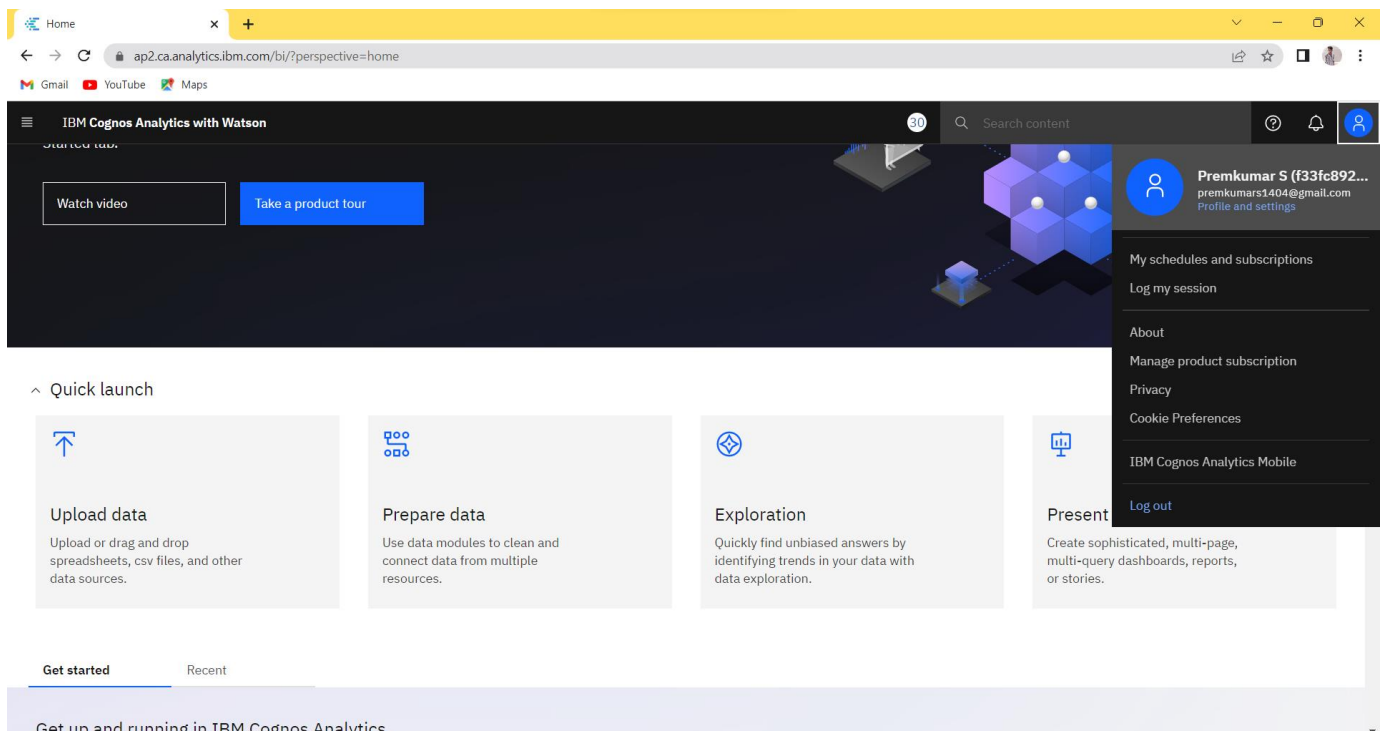

The screenshot shows the Kaggle website interface. The top navigation bar includes the Kaggle logo, a search bar, and a 'Create' button. The left sidebar contains links for Home, Competitions, Datasets, Code, Discussions, Learn, More, and Your Work. The main content area displays the 'Global Super Store Dataset' by APOORVA MAHALINGAPPA, updated 2 years ago. The dataset is described as 'Consumer and product Analytics on Global Super Store Data.' and has a 'Download (12 MB)' button. The 'About Dataset' section includes a 'Context' paragraph and a list of analysis tasks. The right sidebar shows 'Usability' (8.24), 'License' (Database: Open Database, Cont...), and 'Expected update frequency' (Monthly). The bottom of the page features an 'Activate Windows' watermark and a 'Show all' button.

## UNDERSTANDING THE DATASET:

The screenshot displays the IBM Cognos Analytics web application interface. The browser address bar shows the URL: `us3.ca.analytics.ibm.com/bi/?perspective=dashboard&id=dashboard_1147076a-c354-4046-a33c-36c2d369985a&ui_appbar=true&options%5BdisableClassPrefetch%5D=true&options%5Bcollections%5D%5BcanvasExtension%5D%5Bd%5D...`. The application header includes the IBM Cognos Analytics with Watson logo, a "New dashboard" button, and a search bar. The main interface is divided into three sections: a left-hand navigation pane, a top toolbar, and a central workspace.

**Left-hand navigation pane:** This pane shows the "Selected sources" section with a search bar. Below the search bar, a tree view displays the loaded dataset "Global\_Superstore2.csv". Under this dataset, a list of fields is visible, including: Row ID, Order ID, Order Date, Ship Date, Ship Mode, Customer ID, Customer Name, Segment, City, State, Country, Postal Code, Market, Region, Product ID, Category, Sub-Category, Product Name, Sales, Quantity, and Discount.

**Top toolbar:** This toolbar contains several icons for dashboard management, including "Edit", "Share", "Add", "Refresh", and "Help". On the right side of the toolbar, there are tabs for "Analytics", "Filters", "Fields", and "Properties".

**Central workspace:** The workspace is currently empty, showing a large grid area. At the top of the workspace, there are two tabs: "All tabs" and "This tab". Below these tabs, there is a section labeled "Tab 1" with a plus sign. The workspace area contains a large grid with a light gray background and a faint grid pattern. A message at the bottom right of the workspace area reads: "Activate Windows Go to Settings to activate Windows."

The bottom of the screenshot shows the Windows taskbar with various application icons and the system clock displaying the date and time: 09:07 07-11-2022.
